The Grand Rapids, Mich. plant produces resin technologies, including waterborne, conventional, and high solids solvent-borne resins and high-performance coatings for formulators of architectural coatings, industrial finishes, construction products, traffic paints, and container coatings ink products.

COMMUNITY INVOLVEMENT

- Grand Rapids Fire Department – our site has a long-standing relationship and supports them by participating in emergency preparedness drills.
- Local Emergency Planning Committee (LEPC) – we participate, along with other area industries, in working together with community members twice a year to discuss and address any questions and concerns.
- Metro Lodge 97 – sponsorship for the Grand Rapids Police Department scholarship fund fundraiser events.
- Kids' Food Basket – sponsorship of “supper sacks” to local schoolchildren in Kent, Allegan, Ottawa, and Muskegon counties.
- “Believe to Become” – we provide sponsorship and mentoring of summer youth science program.
- Oakdale Neighbors – we sponsor and mentor youth in math, business, English, and science programs.
- Mel Trotter – we participate in food and clothing drives for this local shelter and food bank.
- Susan G. Komen – participate in the “Race for the Cure” against breast cancer event.
- Habitat for Humanity – we help to build houses within the Grand Rapids community.
- Michigan Manufacturer Association (MMA) – member.
- Grand Rapids Chamber of Commerce – member.

Responsible Care®

↳ Responsible Care® – We adhere to an industry-wide initiative among members of the American Chemistry Council. Through Responsible Care®, our industry demonstrates its continuing commitment to health, safety and the environment.

Building on its unique set of expertise in materials science, Arkema offers a portfolio of first-class technologies to address ever-growing demand for new and sustainable materials. With the ambition to become in 2024 a pure player in Specialty Materials, the Group is structured into 3 complementary, resilient and highly innovative segments dedicated to Specialty Materials - Adhesive Solutions, Advanced Materials, and Coating Solutions - accounting for some 91% of Group sales in 2022, and a well-positioned and competitive Intermediates segment. Arkema offers cutting-edge technological solutions to meet the challenges of, among other things, new energies, access to water, recycling, urbanization and mobility, and fosters a permanent dialogue with all its stakeholders. The Group reported sales of around €11.5 billion (\$12.1 billion USD) in 2022, and operates in some 55 countries with 21,100 employees worldwide.
